**PLANNING PROJECTS - RECOMMENDED FOR FUNDING**

Project Number	Applicant	County	Project Name	Priority Population Benefits Approved	Description	Recommended Award Amount
PG01	Placer County (Office of Economic Development)	Placer	The Agriculture Resilience Initiative for Placer County	Yes	The proposed project will develop an Agricultural Resilience Initiative to assess and address issues surrounding agricultural labor housing, agricultural land use planning and policies, and agricultural viability and feasibility in the facing of housing development pressure. The Initiative will align with other Placer County planning efforts related to sustainability and conservation and will include an outreach plan to ensure stakeholder input from the public, non-profit, and private sectors with the goal of leveraging existing efforts and identifying emergent issue areas.	\$500,000
PG02	City of Tulare (Community Development Department)	Tulare	City of Tulare SALC Planning Grant	Yes	The proposed project will develop a strategic plan that focuses on areas in the City's sphere of influence to prioritize conservation of agricultural land by way of easements or mitigation banks to preserve greenbelts or multi-benefit corridors that surround the City as it continues to develop. In addition, the strategic plan will identify further opportunities for groundwater recharge as well as land fallowing and development opportunities, in consideration of the effects of SGMA implementation in the region. The strategic plan would enable these various policy areas to be integrated into the long-range planning of the City as it prepares to update its General Plan, to focus growth in a manner that protects open space and agriculture, along with providing various important co-benefits.	\$500,000
PG03	San Benito County (Resource Management Agency )	San Benito	San Benito County Sustainable Agricultural and Land Conservation Project	Yes	The proposed project involves the creation of an Agricultural Element for inclusion into the County's 2035 General Plan. The aim of this effort is to reduce the threat of conversion of agricultural lands to non-agricultural uses as well as to identify environmental, public health, cultural, transportation and other co-benefits that can be achieved through the conservation and sustainable management of the County's agricultural and natural lands. The project team will engage a diversity of stakeholders in the decision-making process to determine final recommendations and plan. Tasks include mapping and risk assessment analysis; review of existing General Plan Land Use designations and policies; community engagement and partnership development; economic assessment and analysis of agricultural and natural lands; climate change analysis; and an Agricultural Element for inclusion into the the County's General Plan Update.	\$500,000
PG05	Cold Springs Rancheria of Mono Indians (Economic Development Department)	Fresno	Cold Springs Rancheria Land Use Conservation & Sustainability Plan	Yes	The proposed project includes the development of a Sustainable Agricultural Lands Conservation (SALC) Plan to modify policies, practices, and programs to address community needs spanning health, wellness, housing, and food access and security; to identify agricultural lands for increased community gardening, grazing, plant-material gathering and land stewardship actions that promote healthy trees, shrubs, and perennial forbs for the cultivation of traditional foods, herbal medicine, dyes, and fibers. The plan will also include the identification of opportunities for restoring resilient forests and the inclusion of climate-smart management practices, identification of potential land acquisitions, and the inclusion of strategies aligning housing developments with rural and agricultural needs.	\$500,000
PG06	Solano County (Department of Agriculture)	Solano	Solano County Strategic Initiative for Agriculture	Yes	The proposed project aims to protect at-risk agricultural lands in Solano County through the development of the Solano County Strategic Initiative for Agriculture report, to be presented to the County's Board of Supervisors for adoption. The report will include a series of agricultural related plans and deliverables including an economic assessment and development plan; infrastructure gap analysis and development plan; land use planning assessment and action plan; expanded GIS crop and agricultural mapping data and GIS gap analysis; and a stakeholder engagement plan.	\$500,000

PG07	Nevada County Resource Conservation District (MOU with County of Nevada)	Nevada	Nevada County Agricultural Working Landscape Conservation Plan	Yes	The proposed project is focused on the creation of an Agricultural and Working Landscape Conservation Plan. This plan will provide the framework, collaboration, and policies necessary to conserve agricultural lands, while addressing the challenges of climate change and food security while supporting infill development in the urban areas of the county. The four components of the include: a) Agricultural Economic Development Strategy; b) Land Use Policy Strategy; c) Agricultural Climate Resiliency Strategy; d) Education and Awareness Strategy.	\$500,000
PG09	Southern California Association of Governments	Imperial, Los Angeles, Orange, Riverside, San Bernardino, and Ventura	Natural & Agricultural Lands Economic and Resilience Benefits Study	Yes	The proposed project will focus on the development of a Natural and Agricultural Lands Economic Benefit Study to provide an analysis of the economic, public health, co-benefit, and resilience benefits of key environmental services provided by natural lands and agricultural lands in Southern California. The study will also provide an analysis of current land conversion concerns and the quantity and quality of farmworker housing. This research is intended to inform regional and local planning efforts to preserve and enhance natural and agricultural lands and secure needed funding through the development of a user-friendly Conservation and Climate Resilience Toolkit, technical assistance, and training. The study and tools created through this proposal will be developed in partnership with stakeholders including priority population and tribal communities.	\$500,000
PG10	Ventura County (Ventura County Department of Agriculture)	Ventura	Developing local food system and ag education strategies to safeguard agriculture in Ventura County	Yes	The proposed project would build upon the Round 6 SALC Resilient Agriculture Lands Initiative (RALI) by developing the charter and framework for a regional Agricultural Roundtable to enhance coordination between various sectors and stakeholders associated with agriculture in Ventura County. Additionally, the proposal seeks to develop an Agricultural Infrastructure Plan and a Rural-Urban Connection Program Strategic Plan to strengthen the local and regional food system, and enhance education and access to agriculture within the county.	\$500,000

\$4,000,000

**CAPACITY PROJECTS - RECOMMENDED FOR FUNDING**

Project Number	Applicant	County	Project Name	Priority Population Benefits Approved	Funding Tier	Activities	Recommended Award Amount
C16	Ag Land Trust	Monterey County	Capacity Building, Project Development, and Diversity, Equity, and Inclusion (DEI) Initiative Project	No	Tier 2	This project would support capacity building (staff, software, strategic plan), project development (Monterey specific site already identified as priority), and Diversity, Equity, and Inclusion (DEI) Initiative Project	\$250,000
C06	Anderson Valley Land Trust	Mendocino	Anderson Valley Land Trust Capacity	Yes	Tier 2	This project would support hiring a Conservation Director, landowner identification and outreach, project development, Pomo outreach and workshops, LTA accreditation registration, and acquisition project development	\$250,000
C12	Bear Yuba Land Trust	Nevada	Central Sierra Agricultural and Cultural Protection Project	Yes	Tier 2	This project would support due diligence for agricultural and cultural conservation projects, partnerships with local tribe for stewardship and protection of lands, increase capacity to conserve lands in the Strategic Focus Area, community outreach to assist with building understanding of the work and identify future project opportunities	\$250,000
C13	Blue Lake Rancheria	Humboldt County	Blue Lake Rancheria (BLR)	Yes	Tier 2	This project would support building capacity to develop agricultural land acquisition projects	\$250,000
C19	Ducks Unlimited	Sacramento	Increasing Agricultural Conservation Capacity in the Sacramento Valley and Intermountain West	No	Tier 2	This project would assist in increasing organizational and financial capacity for developing existing agricultural conservation easement projects, conducting landowner outreach and identifying new easement opportunities in the Sacramento Valley and Intermountain West portions of California	\$250,000
C11	El Rio Reyes Trust	Fresno, Kings, Tulare	Agricultural Conservation Easement Program Development	No	Tier 2	This project would support the purchase of grant management software, outreach, LTA accreditation, and acquisition project development.	\$250,000
C22	Garden 31	San Diego County	Building Garden 31's Capacity to Cultivate Pathways for Agricultural Opportunities in San Diego	Yes	Tier 1	This project would support the organization by building organizational and financial capacity to develop agricultural conservation projects	\$99,950
C17	Lassen Land & Trails Trust	Lassen/Modoc Counties	Lassen and Modoc Conservation Plan	Yes	Tier 1	This Capacity Grant will directly result in additional agricultural land conservation and increased capacity to complete additional work through completion of a Strategic Conservation Plan and the preparation pre-work for a conservation easement project to be ready for a CE acquisition grant application.	\$100,000
C21	Native American Land Conservancy	Riverside County	Native American Land Conservancy Acquisitions Capacity Enhancement	Yes	Tier 2	This project would support the applicant by building capacity to develop agricultural land acquisition projects for Native American tribes.	\$249,760
C10	Northern California Regional Land Trust	Butte, Glenn, Tehama	Engaging Neighbors in Agricultural Conservation Triage: Easement Planning, Prioritization, and Implementation in three North-State counties	Yes	Tier 2	This project would support hiring two conservation assistants, purchase of new software, land resource inventory and mapping, landowner outreach, project development, grant application preparation, and LTA accreditation renewal work.	\$250,000
C08	Northern Chumash Tribal Council	Santa Barbara	Tribal Land Trust	Yes	Tier 2	This project would support development of a Tribal Land Trust	\$250,000
C07	Oswit Land Trust	Riverside	Oswit Land Trust Capacity Grant	Yes	Tier 2	This project would support development of a conservation easement division, creation of a strategic plan and outreach campaign, and acquisition project development	\$250,000
C20	Possibility Labs(Ujama Farmer Collective)	Yolo/Sacramento Counties	Building Sustainable Agriculture, Conservation Projects, and Capacity	Yes	Tier 1	This project would support the organizations ability to secure non-profit status and LTA certification, development of land acquisition project(s), BIPOC farmer outreach, engagement and education, and establishment of a farm lease program.	\$100,000
C15	Resource Conservation District of Monterey County	Monterey County	Monterey County Small Farmer Land Access and Conservation Assistance Project	Yes	Tier 1	This project would support building organizational and financial capacity to then apply for Tier 2 funding to develop agricultural conservation projects.	\$94,868
C04	Sequoia Riverlands Trust	Tulare	SRT Agricultural and Working Lands Conservation Program	Yes	Tier 2	This project would support the development and implement of a regional conservation plan, land protection database, outreach and education program, and SALC conservation projects.	\$250,000
C09	Starlight Universal Church	Butte	Sacred Circles Earth Stewardship Trust	Yes	Tier 1	This project would support policy development, software procurement, outreach, acquisition project development, and grant application development.	\$100,000
C02	Sutter Buttes Regional Land Trust	Yuba	Beale Air Force Base Conservation Planning & Implementation	No	Tier 2	This project would support planning, outreach, easement acquisition project & grant development, and easement acquisition transaction costs.	\$250,000

C14	World Be Well	Riverside/San Bernardino	Inland Valley Grown	No	Tier 1	This project is to build capacity and develop future acquisition projects for funding.	\$100,000
C05	ytt Northern Chumash Nonprofit	San Luis Obispo	yat Spasini yak Tspu Conservancy	No	Tier 1	This project would create a tribal-led Conservancy, develop and purchase fee title property, and develop an aquaculture business plan.	\$85,260
<b>Total</b>							<b>\$3,679,838</b>
