

Climate Change Research Program

Public Information Workshops

The Strategic Growth Council (SGC) invites you to join us at one of four public information workshops being held to help inform the development of the newly established Climate Change Research program. SGC will release a draft version of the Research Investment Plan on November 15th (available on the [SGC Website](#)) describing how the Council plans to direct \$11 million in competitive grant funding.

These workshops will provide researchers and others with an opportunity to learn about the Program and the components of the draft plan. The workshop agenda allows time for participants to ask questions, and to provide input and feedback to SGC staff. In person workshops will be held at three venues located in southern,

central and northern California, and an online webinar is scheduled to facilitate the participation of researchers and stakeholders throughout the State.

SGC looks forward to your feedback and suggestions during these sessions. For those who cannot attend, or prefer to submit comments in writing, SGC is accepting written comments until **December 15, 2017**. Please send all comments to Research@sgc.ca.gov If you have any questions, or would like to request translation services please email Elizabeth Grassi at elizabeth.grassi@sgc.ca.gov or call (916) 327-5362.

Please register for the workshops using the links below. Registration is encouraged, but not required.

WORKSHOPS

ONLINE WEBINAR

Friday, November 17th
11:00 am to 12:00

Once you have registered, you will receive instructions for how to login.
