Agenda

❖ Welcome + Goals
❖ Program Overview
❖ Round 4 Draft Program Guidelines
  • Implementation Grants
  • Planning Grants
  • Grant Administration
❖ Questions + Answers
Background

TCC was established by Assembly Bill 2722 in 2016 to

1. Fund the development and implementation of neighborhood-level, transformative, climate community plans

2. With multiple, coordinated, GHG-reducing projects

3. That provide economic, environmental, and health benefits to the state’s most disadvantaged communities
Transformative Climate Communities (TCC)

*Community-led transformation to enable* the California communities most impacted by pollution to choose their own goals, strategies and projects to reduce greenhouse gas emissions and local air pollution.

Total Investments: $230 million
Program Framework

**TCC funds climate resilience projects** from a menu of project types:

- Affordable and sustainable housing developments
- Residential weatherization and solar projects
- Water-energy efficiency installations
- Food waste prevention and rescue
- Urban greening projects
- Health and well-being projects
- Transit stations and facilities
- Electric buses, vanpools, car and bicycle share programs
- Electric vehicle charging infrastructure
- Bicycle and pedestrian facilities

**TCC ensures comprehensive community benefits** through 3 transformative plans:

- Community Engagement
- Workforce Development
- Displacement Avoidance
Transformative Elements

- Community Engagement
- Workforce & Economic Opportunities
- Displacement Avoidance
- Climate Adaptation and Resilience
- Leverage Funding
- Data Collection and Indicator Tracking
Implementation Grants

- **Sacramento Housing and Redevelopment Agency (River District)**
  - Award: $23,000,000

- **City of Stockton**
  - Award: $10,834,490*

- **City of Oakland**
  - Award: $28,200,000

- **City of Fresno**
  - Award: $66,500,000

- **Community Partners (Northeast San Fernando Valley)**
  - Award: $23,000,000

- **Housing Authority of the City of Los Angeles (Watts)**
  - Award: $33,250,000

- **City of Ontario**
  - Award: $33,250,000

- **City of Riverside**
  - Award: $9,080,510*

---

*Partial Award
Planning Grants
ROUND 4
FY 2021-2022
Round 4 Funding Available

The FY 2021-22 budget allocates $115 million* for TCC

- **Implementation Grants** - $105 million
  
  - 3 awards for $35 million each

- **Planning Grants** - $1.2 million
  
  - 4 awards for $300,000 each

*5% of total funding will be allocated for program administration

Proposed Changes to the Round 4 Guidelines

Key proposed changes have been highlighted on each slide.

Changes for Round 4:
Expanded eligibility to:
- Top 25% disadvantaged communities per CalEnviroScreen
- Disadvantaged unincorporated communities, and
- Tribal communities
Applicant Eligibility

Lead Applicants and Co-Applicants will develop a Collaborative Stakeholder Structure that includes residents and community-nominated members such as community-based organizations.
Applicant Eligibility

• Community-based organizations
• Local governments
• Nonprofit organizations
• Philanthropic organizations and foundations
• Faith-based organizations
• Coalitions or associations of nonprofits
• Community development finance institutions
• Community development Corporations
• Joint powers authorities
• **California Native American Tribes**

Changes for Round 4:
Tribal eligibility expanded from "federally recognized tribes."
Applicant Eligibility

• A Lead or Co-Applicant must be a public agency.
• Capacity to Implement
  o Management Ability
  o Financial Capacity

Changes for Round 4:
• Streamlined documentation recommendation for public agency support resolutions
Project Area Requirements

• Contiguous
• Approximately 5 square miles
• Must fall within the jurisdiction of a single city, tribal territory, or eligible disadvantaged unincorporated community
Changes for Round 4:
At least 51 percent (51%) of the Project Area must overlap with Census Tracts designated as disadvantaged per Cal EPA:
- Top 25 percent (25%) of CalEnviroScreen (4.0 and 3.0)
- Federally recognized tribal boundaries

The remaining 49 percent (49%) or less of the Project Area must overlap with either:
- a disadvantaged community per CalEnviroScreen, or
- a low-income community per AB 1550.
Project Area Requirements: Disadvantaged Unincorporated Communities

Changes for Round 4:
At least 51 percent (51%) of the Project Area must overlap with areas designated as a disadvantaged unincorporated community (DUC).

4 methods to determine eligibility:
- Verified DUC status by LAFCo and disadvantaged per CES
- Eligible location per TCC Mapping Tool (see below)
- Self-identified DUC using localized data
- Previous TCC Planning Grant recipients with unincorporated areas

DUC eligibility using TCC Mapping Tool:
- Clusters of unincorporated parcels (250 parcels per square mile)
- Disadvantaged census tract per CES (Top 25%)
- Hard-to-Count census block group per CA Hard-to-Count Index (score 57-133)
The TCC Program Framework

1. Greenhouse Gas Reduction
2. Public Health & Environmental Benefits
3. Economic Opportunity and Shared Prosperity

Vision Statement

Applicant Proposal

- Strategy 2
  - Project
  - Project
- Strategy 3
  - Project
  - Project

Transformative Elements
- Community Engagement
- Displacement Avoidance
- Workforce Development
- Indicator Tracking
- Climate Adaptation and Resiliency
Strategies

Equitable Housing and Neighborhood Development
Solar Installation, Energy Efficiency, Appliance Electrification
Urban Greening and Green Infrastructure

Affordable Housing Land Acquisition
Water Efficiency
Land Conservation

Transit Access and Mobility
Recycling & Waste Management
Health and Well-Being

Community Microgrids
Brownfields Redevelopment
Indoor Air Pollution Mitigation

Changes for Round 4:
1. Strategy

2. Categories

<table>
<thead>
<tr>
<th>Eligible Categories</th>
<th>TCC Fundable Elements</th>
</tr>
</thead>
<tbody>
<tr>
<td>Construction of new bike paths or lanes (Class I, II, or IV)</td>
<td>• New or expanded context sensitive bike paths or lanes (Class I, II, or Class IV)</td>
</tr>
<tr>
<td></td>
<td>• Non-motorized urban trails that provide safe routes for travel between residences,</td>
</tr>
<tr>
<td></td>
<td>workplaces, commercial centers, and schools</td>
</tr>
<tr>
<td></td>
<td>• Bicycle carrying structures on public transit</td>
</tr>
<tr>
<td>Construction of new pedestrian facilities</td>
<td>• New walkways that improve mobility/access of pedestrians*</td>
</tr>
<tr>
<td></td>
<td>• Non-capacity increasing streetscape improvements, including but not limited to:</td>
</tr>
<tr>
<td></td>
<td>• Installation of lighting</td>
</tr>
<tr>
<td></td>
<td>• Installation of signage and way-finding markers</td>
</tr>
<tr>
<td></td>
<td>• Other related amenities for pedestrians, cyclists and transit riders</td>
</tr>
<tr>
<td></td>
<td>• Installation of new/improved pedestrian crossings or over-crossings</td>
</tr>
<tr>

<td>• New or expanded bike share program*</td>
</tr>
<tr>
<td></td>
<td>• Publicly accessible bicycle parking</td>
</tr>
<tr>
<td></td>
<td>• Bicycle repair kiosks</td>
</tr>
<tr>
<td></td>
<td>• Bicycle carrying structures on public transit</td>
</tr>
</tbody>
</table>

This is a “quantifiable” project

Non-quantifiable
Project Requirements for Eligibility

• At least three (3) Projects must be both “quantifiable” AND “ready” at the time of application submittal.

• Projects that are both quantifiable and ready must account for at least fifty percent (50%) of the requested grant funds.

• All Projects must meet readiness requirements within the first year of the grant term.

• All Projects must be completed within the five (5) year Project Completion period, but shorter timelines are also acceptable.
Readiness Requirements

Projects must meet readiness before construction can begin.

✓ California Environmental Quality Act (CEQA):
  o Consult with the public agency
  o Demonstrate Project is CEQA compliant
  o Environmental review not required to be completed at application submittal
  o Must report on CEQA status
  o Complete environmental review within first year of the grant term
  o Projects are subject to statutes of limitations

✓ Site Control
  o Must be demonstrated for most projects prior to implementation

✓ Permits
  o Demonstrate at the time of application that the permit(s) can be obtained and project implemented within the grant term
Readiness Requirements

Additional Readiness Requirements for all Projects:

✓ Project Designs
✓ Project Maps
✓ Operations & Maintenance Plans
✓ Project Schedules

✓ See Appendix B for Additional Readiness Requirements & Special Requirements for each strategy

Changes for Round 4: "Ready" projects will require cost-loaded project schedules.
Transformative Elements

1. Community Engagement
2. Workforce Development and Economic Opportunities
3. Displacement Avoidance
4. Climate Adaptation and Resiliency
5. Leverage Funding
6. Data Collection & Indicator Tracking
1. Community Engagement

Applicants must develop a Community Engagement Plan with 2 main sections:

1. Description of Community Engagement during Proposal Development
2. Description of Future Community Engagement

• Appendix C describes:
  • Methods to facilitate community engagement
  • Criteria for eligible costs

Changes for Round 4:
• Expanded eligible costs: food, childcare, transportation, compensation to expand access
2. Workforce Development & Economic Opportunities

Applicants must develop a Workforce Development and Economic Opportunities Plan with 2 major components:

1. Workforce development and education training programs
2. Explanation of how TCC investment will create high-quality jobs

Changes for Round 4:
- Clarification of eligible job trainings and placements to prepare residents for a carbon constrained economy
3. Displacement Avoidance

Applicants must develop a Displacement Avoidance Plan with 4 major components:

1. Describe displacement vulnerability for residents and small businesses
2. Current policies, plans, ordinances, or programs
3. Identify additional policies and programs to be pursued*, and entities responsible for implementation
4. Provide a relocation plan pursuant to CA Relocation law if necessary for activities with potential for displacement

*Outlined in Appendix C
4. Climate Adaptation & Resiliency

• Identify climate change risks in Project Area, such as:
  o Additional days of extreme heat or precipitation
  o Wildfire
  o Flooding
  o Sea level rise
  o Drought

• Discuss anticipated impacts to vulnerable populations

• Describe how proposed projects will reduce risk and promote resiliency

Changes for Round 4:
• Additional resources and guidance for identifying and prioritizing adaptation projects
5. Leverage Funding

- Applicants must leverage additional funding sources that equal a minimum of 50 percent (50%) of the total requested grant funds.
- Committed at the time of application submittal.
- Funds must be spent in the TCC Project Area.
- Appendix C includes examples of eligible sources of leverage.*

*Many forms of leverage are accepted, including in-kind.

**Changes for Round 4:**
The chart below illustrates how the 50 percent (50%) leverage funding requirement may be met:

<table>
<thead>
<tr>
<th>Eligible Projects or Plans</th>
<th>Percentage of Requested Funds</th>
<th>Total Dollar Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Leverage funding for Grant-funded projects or Transformative Plans</td>
<td>At least 40%</td>
<td>$14,000,000</td>
</tr>
<tr>
<td>Stand-alone leverage projects</td>
<td>Up to 10%</td>
<td>$3,500,000</td>
</tr>
<tr>
<td>Total</td>
<td>50%</td>
<td>$17,500,000</td>
</tr>
</tbody>
</table>
6. Data Collection & Indicator Tracking

Grantees track 2 main categories of indicators:
- California Air Resources Board – GHG and co-benefit indicators
- TCC Program – Additional program-specific indicators

Grantees estimate GHG reductions during the following phases:
- Application Phase – initial estimate
- Project Implementation – annually, close-out

Grantees also participate in qualitative evaluations during the grant:
- Focus groups, interviews, surveys
- Case studies of lessons learned
## Transformative Elements Cost Caps

<table>
<thead>
<tr>
<th>Transformative Elements</th>
<th>Percent of TCC Grant Award</th>
</tr>
</thead>
<tbody>
<tr>
<td>Data Collection and Indicator Tracking</td>
<td>3% required</td>
</tr>
<tr>
<td>Community Engagement</td>
<td>Up to 8%</td>
</tr>
<tr>
<td>• Displacement Avoidance</td>
<td></td>
</tr>
<tr>
<td>• Up to 3% of the total 8% of community engagement funds can be used for displacement avoidance activities</td>
<td></td>
</tr>
<tr>
<td>Workforce Development and Economic Opportunities</td>
<td>Up to 5%</td>
</tr>
<tr>
<td>TOTAL</td>
<td>Up to 16%</td>
</tr>
<tr>
<td>Climate Adaptation and Resiliency</td>
<td>No grant funds may be allocated, but applicants must incorporate adaptation measures into their proposed infrastructure projects</td>
</tr>
<tr>
<td>Leverage Funding</td>
<td>None – Grantee must leverage additional funding sources that equate to least 50% of the total grant award</td>
</tr>
</tbody>
</table>

**Changes for Round 4**
Grantee costs for Indicator Tracking moved to direct costs for administrative ease.
Policy Priority: High-Speed Rail Connectivity

• “Silicon Valley to Central Valley Line”
• Applies to: Bakersfield, Fresno, Hanford, Madera and Merced
• Benefits to neighborhoods surrounding HSR Station Area
• Ensure affordable and mixed-income housing close near/accessible to HSR
Policy Priority: Access to Basic Infrastructure, Regional Services, and Job Centers

• Ensure TCC investment will provide long-term benefits to community

• Existing or planned access to basic water and wastewater (sewer) infrastructure
  • Compliant with State Water Board standards
  • Committed long-term operations and maintenance plans

• Existing or planned clean/affordable transit connectivity to regional services and job centers

Changes for Round 4:
• New 10% budget allowance for water and wastewater infrastructure connection
Policy Priority: Pro-housing

• Incentive for jurisdictions that are facilitating sustainable housing production.
• Maximum points for designated jurisdictions
• Partial points for jurisdictions awaiting designation and that have adopted policies that reduce vehicle miles traveled (VMT).
• Reference Appendix D for list of VMT-reducing policies.

Changes for Round 4:
• Based on CA Housing and Community Development's (HCD) Pro-housing Designation Program
Policy Priority: Pollution Prevention and Mitigation

• Incentive for applicants that are preventing future and mitigating existing sources of pollution to rectify environmental justice issues.

• Points for applications that will mitigate pollution through proposed TCC projects.

• Examples:
  • Enforcement programs ensuring compliance with point-source emission limits
  • Programs with clear implementation actions related to reducing pollution from existing heavy industries
  • Land use restrictions related to separating polluting land uses from sensitive receptors
Application Components

• Online Submittal
• Documentation that application meets all program thresholds, including project maps, leverage funding commitment letters, etc.
• Narrative Questions
• Detailed Budgets and Work Plans for all Projects and Plans
• Readiness Documentation for all quantifiable Projects
• Quantification Documentation and GHG Emissions Reductions
# Scoring Criteria

- TCC “Connector” Bus
- EOC Vehicle Replacement Incentives
- Community College sidewalk, bike lane, and utility improvements

Transformative Plans
- Community Engagement
- Workforce Development
- Displacement Avoidance
- Indicator Tracking
PLANNING GRANTS
Planning Grants Overview

• Grants of $300,000 each
• Support planning activities in disadvantaged communities
• Prepare communities for future TCC grants or other resilience implementation funding
• Planning process must address one or more of the TCC Transformative Elements
• 2-year grant term, with the option to extend on a case-by-case basis
Examples of Eligible Projects

• Capacity building among staff and departments, as well as among external stakeholders
• Evaluating, updating and streamlining various policies and codes enforced by the Planning Department
• Completion of fiscal analyses and studies to understand long-term costs
• Preparation of climate action and adaptation plans
• Community engagement that results in innovative and meaningful programs and practices
• Community Land Trust feasibility studies, project site identification, project readiness preparation
Applicant Eligibility

Eligible Lead Applicants are the same as Implementation Grants:

- Community-based organizations
- Local governments
- Nonprofit organizations
- Philanthropic organizations and foundations
- Faith-based organizations
- Coalitions or associations of nonprofits
- Community development finance institutions
- Community development Corporations
- Joint powers authorities
- California Native American Tribes
Applicant Eligibility

• Must be a minimum of two (2) Co-Applicants

• Priority in scoring for applications that demonstrate strong and diverse partnerships with CBOs and other stakeholder groups

• Either the Lead Applicant or one of the Co-Applicants must be a public agency.
Planning Area Requirements

- Contiguous
- Project Area must overlap with census tracts designated disadvantaged per CalEPA and CalEnviroScreen:
  - Top 25% disadvantaged communities (CES)
  - Federally recognized tribal boundaries in CA
Application Components

• Online Submittal
• Documentation that application meets all eligibility requirements, such as planning area map, letters of support, etc.
• Narrative Questions
• Detailed Budget and Work Plan
